

ACTIVITY: Build a bi-plane

A quick craft activity that could take about 15 minutes.

You will need:

- Wooden clothes pegs
- Lollipop sticks
- Tail template (attached)
- Felt tip pens
- Glue/sticky dots
- Stickers/embellishments (optional)
- Stick on magnets (optional)

Instructions:

1. Decorate 1 peg, 2 lollipop sticks and 1 tail. Decorations can be double or single sided, depending on ability, interest and time!
2. Put a small amount of glue or sticky dot on the top and the underside of the clothes peg at the clip end end (i.e. the end that opens when the other end is squeezed).
3. Stick the lollipop sticks down firmly, one on either side. If using it as a magnet, you'll want all decorated sides facing up.
4. If you are using magnets then put these on the underside - one on either end of the wing and perhaps one on the tail end of the peg.
5. Stick another double sided sticky dot in the opposite end of the peg for the tail.
