

Tissue paper poppies.

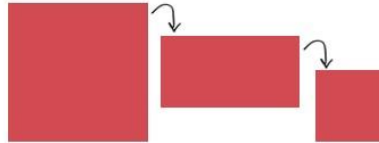

You will need:

- | | |
|-----------------------------------|----------|
| 1 large sheet of red tissue paper | pencil |
| 1 small sheet black tissue paper | scissors |
| 1 green pipe cleaner | glue |

Instructions:

1. Fold the red tissue paper in half and half again to give you a small square.

1. Place the template on the top and draw around it.
2. Cut out the poppy shape you have drawn.
3. You will now have four sheets of red tissue paper.
4. Using your finger tips, gently crinkle each sheet of tissue paper.
5. Place them on top of each other to make a flower shape.
6. Use your pipe cleaner to pierce a small hole through the middle of your red petals.
7. Fold the end back to secure the poppy and bend it over slightly to make your poppy face forwards.
8. Scrunch up your black tissue paper and stick it in the middle of your poppy.
